# Sure Start Children's Centres Central Halifax

June 2011

## Parent and Child Groups

From the beginning of June 2011, Central Halifax Children's Centres are changing the way we run our parent and child groups! We're planning to have 3 main groups running at most centres, with lots of variety within them:

- Baby group – for you and your little ones aged under 1.**
- Parent and toddler – children (and grown ups) of all ages welcome!**
- Music and action – children (and grown ups) of all ages welcome!**

Check out our new timetable or contact your local Children's Centre for more details (telephone numbers on reverse) or ask your group leaders.

### **Baby group - for you and your little ones aged under 1.**

This is a chance to meet other parents and carers with babies of similar ages. There will be a varied programme to include lots of baby playtime, messy activities, rhymes and singing, baby massage and weaning. We'll invite guest speakers on a variety of topics around your baby's development. A safe time for your little ones to play without the older children!

### **Parent and toddler - children (and grown ups) of all ages welcome!**

A chance for children to show their creative side with messy arts and craft activities, exciting toys, which as well as being great fun, will help them to develop different skills and abilities. There'll be singing and stories and lots of games. There will also be a healthy snack time, outside play and special events and guest speakers at your request! This session will encourage your child to mix with other children and learn through play. This group is for all ages; we look forward to meeting you and your child!

**Come along and join in the fun!**

### **Music...**

This session is an hour of music including playing with musical instruments, song time and rhymes using puppets, making musical instruments and looking at different sounds and noises. Each session introduces different types of music and songs from around the world. Music and songs promote children's speech and language and confidence.

### **...and action - children (and grown ups) of all ages welcome!**

Then there's a chance to burn off all that energy and get fit with an hour of physical activities. Join in with parachute games, obstacle courses, throwing, catching, ring games, bikes, outdoor play, creative physical play using big paint brushes and big paper, feet printing and dancing with ribbons!

The group aims to give opportunities for children and parents to be active and use a variety of physical stimulating equipment. Parents can pick up new ideas for active play.

**Come and get active with your child!**
