

Proposed Oversubscription Criteria for Community Secondary Schools 2011

Places will be allocated in community secondary schools in the following order of priority.

1. Pupils who are in public care ('Looked After' children).
2. Pupils living within the defined priority area (catchment area) who have a brother or sister (including step/half brothers and sisters) permanently resident in the same household and currently attending the school (this excludes those pupils in their final year).
3. Other pupils living within the defined priority area (catchment area).
4. Those pupils who do not qualify under Categories 1-3 who have a brother or sister (including step/half brothers and sisters) permanently resident in the same household and currently attending the school (this excludes those pupils in their final year).
5. Other children

Note

If there is over-subscription within any category, then pupils will be admitted in the order of proximity of the pupil's home to school.

*Distance will be calculated using a straight line measurement from the pupil's home to the closest **designated** school gate.*

Distances will be calculated using the Local Authority's GIS system (Geographical Information System). To ensure consistency applies, all measurements will be carried out by the Local Authority's GIS system and no other method of measuring distance will be considered.

Each property has a coordinate taken from Ordnance Survey ADDRESS-POINT data. This is the point which distance measurements will be taken from.
