

**QUESTION BY A MEMBER OF THE PUBLIC
UNDER COUNCIL PROCEDURE RULE 12**

Council Meeting: Wednesday, 26 November 2025

Question from: Jane Pugh

**Question to: Councillor Durrans, Cabinet Member with
responsibility for Public Services and
Communities**

QUESTION

In the last two years there have been eight different directors of CVSH, four directors resigning within the last 11 months. One of the two current directors has been in post for four weeks and three days. In the light of this does the council agree that they should, as requested several times, make sure, as a matter of proactive due diligence, that the company are aware of the conditions that they have to fulfill before the first operation of the Incinerator, and has the company applied for a variation of any of the Planning or Environmental Permit conditions?

Response

There is no evidence to suggest that the current operators are unaware of the requirements of the planning permissions (references 13/00113/WAM and 14/00114/VAR). In this respect, the conditions are clearly set out in the Planning Inspector's decision letter.

At the current time, the company has not applied to vary the planning permissions granted by the Inspector.
