

**Cabinet Meeting: Monday, 09 December 2024**

**Question from: Pam Finch**

**Question to: Councillor Dacre**

Why is the Council giving £2500 every year to the discredited organisation Stonewall? When our council is struggling to provide basic services such as road gritting, this surely makes no sense. I am a Calderdale resident and I would appreciate an answer to this question.

**RESPONSE**

The Council subscribes to a specific Stonewall programme, Diversity Champions, which is focused on workforce support and development.

In common with all HR & OD subscriptions it will be reviewed at renewal date (March 2025). As on previous occasions, budgetary considerations, value for money and views of staff will be considered.
