

Cabinet Meeting: Monday, 09 December 2024

Question from: Alex Greenwood

Question to: Councillor Dacre

In light of the projected Council overspend of £10.8m for this financial year, and that the devil is so often in the detail, when would the Cabinet believe it appropriate to commission an investigative audit of individual departments' expenditure?

In response

The legal and regulatory frameworks that govern local government finances provide the necessary oversight of the Council's budgets and expenditure, including audit requirements.
