

Cabinet Meeting: Monday, 13 January 2025

Question from: Cllr Veitch

Question to:

Following the report from the Director of Public Services, I am writing to you on behalf of the residents of Elland and also Cllrs Gallagher and Barnes.

I am pleased to see in the report acknowledgement that there are now two viable options to save money with our Calderdale HWRCs. Will you do the fairest thing and decide to close all HWRCs on a rotation basis and also do you note the report which states that there are actually more savings to be made with this option in comparison to the least fair option of closing solely Elland HWRC?

Response

All the information Councillor Veitch describes is within the report and Cabinet members will make their decision on this basis.
