

## Calderdale Learning Disabilities Partnership Board @ Incredible Aqua Garden 1.5.14

We now have **Action Points** that people need to take.

The Action Points and names of the people will be **highlighted in red**. There will be a list of the **Action Points** at the beginning of the notes.

The notes of the meetings will be shorter, hopefully people read them!

Let us know what you think of the new style.

### LDPB email group

**David will work with Dean, Janet and Dawn** to ensure that everyone is on our list of contacts who needs to be

### Employment Info

**Davd will talk to Dawn** about inviting an Employment Advisor to a future LDPB meeting

### Planned changes to hospital services

There are **public meetings** which people should try and attend to find out about the planned changes. A list of these is with these notes. Go to the meetings and if these are not accessible let them know.

### Purple Patch Arts Open Day

There is an open event for **Purple Patch on Tues 13<sup>th</sup> May 10am-1pm** at the Orange Box in Halifax, details and forms with these notes

### Personal Health Budgets

**Karen M** to invite the Personal Budget Lead hopefully to the June LDPB

### Bus Passes

**ALL** Bus passes do not need signing by a GP for those who are known to services. Customer Services at Calderdale should be aware of this.

### CaLDer Info and Support Hub

A tender process has been put in place for the Hub, **people can still get involved** in the process of selection for who will run the Hub. Talk to Karen M and Angela if you are interested

### Halifax Centric meetings/events/organisations

Meeting again highlighted that events taking place in Halifax making it harder for people from elsewhere in the borough to attend.

### Accessible Banking Info

**ALL** an easy read resource about banking attached

### Rights, Choices and Keeping Safe training

**ALL** let David know if you think this is a good idea and something we should do. David can seek funding for the training.

### Learning Disability Week

The week needs to link all the ongoing work together until the CaLDer Hub is off the ground it probably makes sense to **wait a while**
