

Water park and sand pit

If it's too far to go to the seaside, come and visit our new water park and sand pit instead – it's great fun for the whole family!

This fabulous new structure allows children to be creative whilst having fun. You can build sandcastles, power the water mill, play on the sand digger or even race boats down the rapid waterway.

Come rain or shine, the new play area is open all day (April to October) and is free!

This is an innovative feature constructed by Sutcliffe Play Ltd.
